

## RETAIL, TRADE & SERVICES EXPO

Do you own a small business, offer a service or have special skills the community should know about? Struggling to get the word out? Keen to get noticed? Here's your chance to let the people of St Martins School know what you have to offer.

The S'Mart Community is organising the inaugural **St Martins School Retail, Trade & Services Expo** on **Tuesday evening, 4th August** in the school hall with the goal to build awareness of what is on offer within the school community.

Are you a builder, a sewer, an accountant or babysitter? Can you bake the best cakes in the world or work your magic in the garden? Do you design cool stuff or sing a sweet tune? Get involved in this! Get the word out so fellow parents can support your business.

Stalls and/or advertising space will be available at very reasonable prices. You'll be able to sell goods and advertise your business, trade, services or skills. There will be half trestles and full trestles plus display boards for those who only want a blurb and cards up. This is one of the easiest and cheapest ways to advertise yourself in our community. Don't miss the opportunity to increase your client numbers.

For more information or to book a space please email: [erinjsadler@gmail.com](mailto:erinjsadler@gmail.com)

More ticket info will be available soon.

## MAMA MIA!

Perhaps you can't sing like Pavarotti or paint like Michelangelo. You can't score like Francesco Totti or take corners like Valentino Rossi. But soon, you'll at least be eating like a true Italian!

Look out for the Pasta Vera order form in your child's schoolbag next week. Delicious, ready made pasta - fresh or frozen. The perfect solution for those busy winter nights, when you want to whip up something quick and nourishing.

Freshly made here in Christchurch, with the finest ingredients following traditional home style recipes.
