These students are responsible for meeting regularly with Miss Rowe and Mrs Kenel and they are leading a team of students alongside a teacher to explore and learn about

their area within the production. This is really exciting as it is rare for students to be involved with this side of the theatrical process.

If you are able to offer any expertise or time in any of these areas, please contact the teacher in charge of this area by email.

All classes have devised their movement piece for the production – this is so exciting as it student-led and student-derived choreography. The choreographic process has been really exciting and inspiring for all involved.

All students are learning the songs and singing them in class, syndicate and full school assemblies. We are loving the energy and enthusiasm that they are bringing to this!

**Date for your diaries....**

The production will be on Wednesday 1<sup>st</sup> and Thursday 2<sup>nd</sup> July, 7pm at the Aurora Centre . There are 701 seats per evening available and tickets will go on sale later on in the term from our school office.

We will be taking our students for rehearsals to the Aurora Centre on the 30<sup>th</sup> June and 1<sup>st</sup> July in the morning. More information will be sent out regarding this soon.

It is certainly an exciting time!!
